

APPENDICE N. 2

Verifica degli elementi di rilievo ambientale esaminati nel PUTT.

Al fine di documentare l'assenza, nell'area di interesse, di vincoli di carattere urbanistico – territoriale, si è proceduto alla stampa delle tavole del PUTT limitatamente alla porzione di territorio nella quale ricade l'impianto. In tal modo è stato agevole rilevare, anche visivamente, la mancanza di qualsivoglia incidenza di vincoli rispetto all'impianto ed alle porzioni di agro immediatamente circostanti.
